

**Section 3-3:
More Fractions,
Decimals, and
Percents**

Percent to Decimal:

The number doesn't want to be a percent anymore, so move away from the % sign.

MOVE 2 PLACES LEFT.

Fraction to Decimal:

***Top divided by bottom.**

Decimal to Percent:

The number doesn't want to be a decimal anymore, so move toward the % sign.

MOVE 2 PLACES RIGHT.

Fraction to Percent:

***We do this everytime
we find the percent on
our homework.**

TOP DIVIDED BY

BOTTOM, THEN

MULTIPLY BY 100.

Decimal to Fraction:
Just say the number
with it's place value.

Percent to Fraction:

All %'s always go over
100. Then reduce!
